General Informations

Created in Tunisia 20/10/2000

Legal structure Public limited company (PLC)

Affiliate Onetech Group

Managers (Name / Function):

|              |                              |
|--------------|------------------------------|
| Hedi Sellami | Chairman                     |
| Slim Sellami | Vice président Onetech Group |
| Khaled Daami | Chief Executif officer       |

| Staff                | 31/12/26 | Fore.<br>31/12/2027 |
|----------------------|----------|---------------------|
| Managers / Engineers | 63       | 71                  |
| Technicians          | 109      | 118                 |
| Operators            | 320      | 370                 |
| Total                | 492      | 559                 |

Activites

SMT Assembly (Surface Mount Technology)  
THT Assembly (Through-Hole Technology)  
2D/3D AOI and SPI Inspection  
Laser Marking and Depanelization  
X-Ray Inspection  
Conformal Coating  
Potting  
In-Circuit Testing (ICT)  
Functional Testing (FCT)  
Burn-in / Run-in Testing  
Flying Probe Testing  
Industrialization and DFM/DFT  
Prototyping and Transfer to Serial Production  
Electromechanical Integration  
Box Build / Enclosure Assembly

Certifications /Aprovals

ISO 9001 / MSI 20 000  
ISO 14001 / ISO 45001  
ISO 16949 / EN 9100 / ISO 27001  
VDA PSCR  
VDA 6.3 Auditor

Other :

Ecovadis Bronze  
OEA (Opérateur Économique Agréé)  
350 Certified IPC A610 Persons

Area

Total (m²) 12354

Covered (m²) 7000

- Automatic Receiving and Incoming Inspection Machine
- MSD Component Storage System
- Automatic SMT Screen Printer
- 3D SPI Machine
- High-Precision Pick & Place Machine (FUJI / PANASONIC)
- Nitrogen Reflow Oven
- PCB Cleaning Machine
- Axial/Radial THT Insertion Machine
- Manual Soldering Station
- Robotic Soldering System
- 2D/3D AOI Machine
- UV/Fiber Laser Marking Machine
- Selective Wave Soldering Machine
- CNC/Laser Depanelization Machine
- 2D/3D X-Ray Inspection System
- CT Tomography System
- Automatic Conformal Coating Machine
- UV Coating Inspection System
- Curing Oven
- Automatic Dispensing / Potting Machine

- ICT Tester
- Functional Test (FCT) Benches
- Environmental / Climatic Chambers
- Burn-in / Run-in System
- Flying Probe Tester
- BGA/QFN Rework Equipment
- Electronic Repair Stations
- ESD Assembly Stations
- Torque-Controlled Electric Screwdrivers
- Crimping Machines and Wiring Equipment
- Insertion Presses
- Bonding and Dispensing Equipment
- Dimensional Inspection Systems
- Metrology Equipment
- Electronic Programming Stations
- DataMatrix / Barcode Traceability Systems
- Barcode Readers and Industrial Scanners
- MES (Manufacturing Execution System)
- SPC / Production Data Collection System
- ERP / MRP for Industrial Management
- Automatic Component Storage Systems
- MSD Dry Cabinets
- Automatic Component Counters
- ESD Management and Storage Systems
- Material Handling and Box Build Integration Equipment
